

Future Projects Fund: IoC/CPHC Town Hall meetings

The Institute of Coding has announced a call for bids for a Future Projects Fund. Proposals are sought which focus on “*extension and improvement of digital skills education for all learners at undergraduate and postgraduate level (Levels 6 and 7), with a particular focus on those that are considered ‘hard to reach’*”. Proposals are due 26th November 2018 (noon).

Full details are available from the IoC website, <https://instituteofcoding.org/futureprojectsfund/>

To encourage high quality submissions we are arranging two Town Hall meetings to facilitate community discussion, identify emergent ideas, and support the formation of consortia.

To reserve your place, please email: Maxine Leslie at cphc@bcs.uk

London Town Hall

5th September 2018, University College London
