

INSTITUTE OF CODING SKILLS BOOTCAMPS

IoCSkillsBootcamps.co.uk

Designed for people who are ready for A Levels or NVQs

(teaching is at levels 3, 4 and 5)

Connecting people nationwide into employment

Gain new tech skills, get help preparing for an interview and connect with local employers

ABOUT SKILLS BOOTCAMPS

Skills Bootcamps are **flexible courses of up to 16 weeks** that give people the opportunity to build up sector-specific skills and fast-track to an interview with a local employer. They are being developed as part of the Government's Lifetime Skills Guarantee, helping everyone gain skills for life.

They are designed for people who want to upskill quickly to work in **specific tech-driven sectors** (e.g. construction or web development) or for those who want to **gain in-demand digital skills applicable to multiple areas** (e.g. data science).

In addition to the Institute of Coding's (IoC) existing provision, which includes **150+ university level digital skills courses**, IoC partners are delivering **new Skills Bootcamps nationwide, with many options available online**.

Skills Bootcamps will be provided at **no cost for learners who meet the eligibility criteria** and are accepted onto a specific programme. **Please note that you can only take one Skills Bootcamp.**

If you would like to see how a Skills Bootcamp could **help you boost your employability**, please visit our website to learn more.
